

CHHIEANG SOK LEANG

Apply for : Frontend Developer

Profile

I am a recent IT graduate from the National Institute of Business (NIB) with a strong passion for both Frontend and Backend Development. Currently, my expertise is stronger in Frontend technologies such as HTML/CSS, Bootstrap, JavaScript, and Vue.js. I also have basic knowledge of Backend development with PHP/Laravel and MySQL, and I am actively expanding my skills to become a Full Stack Developer. Additionally, I have experience with UI/UX design through academic projects.
